

DREAMS WITH WINGS

Dreams With Wings Summer Camp FAQ 2024

Process

- We have limited spots based upon facility space, transportation, and staffing.
- We review all applications for returning campers first and then identify available spots for new campers.
- Each application is reviewed along with all required documentation during the admissions process.
- We review all applications to ensure that we have adequate camper to counselor ratios because safety is our top priority during both onsite and offsite community based activities
- An application is considered complete when all required fields and documentation has been sent in. These items are the application, behavior plan if applicable, camp policy, camp consents, and current photo.
- Communication is sent to each family about whether or not a camper has been enrolled in camp this year.
